From the Director's Desk

*D*ear potential recruiters,

As you are aware, IISWBM was constituted on 25th April 1953 under the joint initiative taken of the University of Calcutta, the Government of West Bengal, the Government of India and the captains of Industry as the first B-School in India. In a rare gesture to an academic institute, the Government of India released a Commemorative Postage Stamp on IISWBM, on 25th April 2004 in New Delhi. With a glorious past and a bright future, the IISWBM continuously strives to achieve excellence in all its endeavours. The Institute boasts of state of the art infrastructure, strong faculty based successful alumni, excellence hostels, and rich library and placement records. The Master of Business Administration (MBA) in Public System Management, controlled and regulated through Calcutta University, is one of the most sought after programme of the Institute. The Department of Public System Management seeks to provide the best possible opportunities to its students and its disseminates all the pertinent knowledge, skills, attitude and values required to produce a successful managers of public system in the field of Environment, Energy, Transport and Logistics and Healthcare.

The IISWBM regularly upgrades its syllabi to keep pace with the changing need of the corporate world and global business scenario. The current batch of MBA public system management (PSM) students have gone through rigorous academic training, leadership ventures and internship with leading firms. They are now well prepared and fully equipped to serve corporate bodies, industrial houses, utility providers and R&D establishment and contribute to the growth of the institutions they are taken in.

As the head of the institution, I invite you to interact with my students, evaluate their potential and provide them with the opportunity to work in your organization. I am sure they will prove to be an asset to your firm and finally to the country. I thank you for your sustained support in the making of productive citizens of the country. I am sure the unique bondage the IISWBM holds with you, will grow stronger and deeper with each passing year.

Sri Dipankar Das Gupta
Director, IISWBM

From the Desk of HOD MBA in Public Systems

It is indeed a great pleasure to introduce the students of the MBA in Public Systems Management course, who are into specializing in the areas of Energy Management, Environment Management, Healthcare & Hospital Management and Transportation & Logistics Management.

Students from various disciplines, who have joined the MBA in Public Systems Management course in 2017 have already shown their academic skills. During their two years stay, they are encouraged to expand their knowledge-base, interact with industries and also participate in extracurricular activities. Such activities have led the students towards an all inclusive and sustainable growth. They now form a strong resource base for the corporate sector, consulting firms and NGOs and other areas that they may work for.

I am sure that they are ready to embark upon a management career and I wish them well.

Dr. Jayanti De
Head – Department of MBA in Public Systems Management

About IISWBM

IISWBM was constituted on 25th April 1953 by a resolution passed by the Senate of the University of Calcutta. The meeting of the Senate was presided over by Mr. Justice

Rama Prasad Mookherjee. This was the culmination of the joint initiative taken by the University of Calcutta, the Government of West Bengal, the Government of India and the captains of industry to set up for the first time a management education institute in India, a concept alien to many in the educational fraternity at that time. In the year 2013 Institute completed its Diamond Jubilee signifying 60 years of an eventful journey in management education in India. IISWBM, the first management institute of India was thus established by Dr. B. C. Roy, the then Chief Minister of West Bengal as its Founder-President and Prof. D. K. Sanyal as the first Director. The Government of India, Department of Posts in recognition of 50 years of glorious existence of the first B-School in the country, released a Commemorative Postage Stamp on IISWBM, on 25th April 2004 in New Delhi.

The Institute boasts of state of the art infrastructure, strong faculty base, successful alumni, excellent hostels, rich library and placement records.

Indian Institute of Social Welfare and Business Management

Classroom

The spacious airconditioned classrooms are well equipped with Smart boards, LCD multimedia projector etc. and properly maintained to cater to the academic requirements of the students. The seminar rooms possess all the necessary amenities so that ideas can be exchanged between the students and faculty and even members from other institutes or corporate houses.

Central Library

The Central Library was started along with the establishment of the Institute in 1953 in order to cater to the academic and research needs of the faculty, research scholars, students, officers and non-teaching staff. Since then, the Institute Library has gone from strength to strength to live up to the expectations of its users. Central Library has openaccess facility for the members. It provides lending, reprographic and bibliographic and other services to the students, faculty and other scholars. The books in the Library are arranged according to the DDC numbers mainly on specialized subjects on Management, Social Welfare, Industrial safety, Transport, Environment, Energy, Health Services, Economics, Mercantile and Labour Law, Bio-Informatics, Sports and Intellectual property etc. The Library subscribes a good number of foreign as well as Indian periodicals and journals. The Library also has e-journals and e-books for the benefit of the users. The Central Library has already implemented the bar-code based circulation system. The members can also search the OPAC through our MIS system. The Institute subscribes to the database Prowess and Crisil.

Computer Centre

The Computer Centre of the institute is housed on the first floor. It has all the stateof- the art resources in place to facilitate the academic and administrative activities of the institute. Apart from providing high end academic support to the students, it also provides leased line Internet connectivity, through wireless and wired LAN. Students have access to continuous free Wi-Fi facility at the Institute.

Hostel

The Institute provides safe, separate, well-furnished and comfortable hostel facility to both boys and girls outstation students, subject to availability of seats. Girls Hostel with a capacity of 42 seats and Boys Hostel with 19 seats are situated adjoining to the institute campus. In addition institute may arrange for interested students in obtaining paying guest (P.G.) accommodations.

Language Laboratory

The Institute has a Web Assisted Language Laboratory to support students in the language learning process. Innovative interactive tools such as digital multimedia control, wireless headsets and microphones are provided not only to enhance language teaching but also to enable instructors accomplish continuous assessment and grading of students' performance. The facilities in the Language Laboratory allow students to listen to model pronunciation and diction, practice by repeating and record the same, which allows students to compare with the model and conduct self-assessment.

Canteen/Gym

The Institute has a canteen facility offering a variety of healthy cuisine at reasonable and affordable rates. It is essentially a student's zone with free Wi-Fi facility. The Institute also maintains a well-equipped gym with all modern equipments and a trainer to guide and encourage students to work out daily at the Institute.

Auditorium

The auditorium boasts of a well-designed stage and an audiovisual screen. It is the perfect platform for meetings, stage shows and interactive sessions. The screen complements any kind of audio-visual communication with amplifiers, speakers and an installed projector.

Conference Room

The conference rooms have been constructed on the most modern lines with audiovisual aids. The facility of video conferencing makes it even more industry friendly with the scope of uninterrupted interaction. The conference rooms have in-built speakers to make the conversations distinctly audible. The cordless microphones help the speakers to interchange ideas.

Communication and Soft-Skills Training

The Institute encourages its students to undergo training in communication and soft-skills to improve their presentation and articulation skills through its Soft-Skills Development Department as it is felt that it complements technical skills and knowledge.

A Ragging Free Environment

Although there has not been a single instance of ragging in the Institute in its history of 60 years, it is declared that ragging is totally banned in the Indian Institute of Social Welfare and Business Management and any one found guilty of ragging and/or abetting ragging is liable to be punished. The Hon'ble Supreme Court has issued the following directions to prevent ragging in Technical Institutions:

"We recommended that every institution must have an Anti-Ragging Committee and an Anti-Ragging Squad. It is essential to have a diverse mix of membership in terms of levels as well as gender in both the Anti-Ragging Committee at the level of the Institution should consist of the representatives of civil and police administration, local media, Non Governmental Organizations involved in youth activities, representatives of faculty members, representatives of parents, representatives of students belonging to the fresher's category as well as seniors, non-teaching staff and should be headed by the Head of the Institutions. The Anti-Ragging Squad, in contrast, should be a body with vigil, oversight and patrolling functions and should appropriately be a smaller body which should be nominated by the Head of the Institute with such representation as considered necessary to keep it mobile, alert and active at all time. The Squad may be called upon to make surprise raids on hostels and other hot spots and should work under the overall guidance of the Anti-Ragging Committee. The Squad should not have any outside representation and should only consist of members belonging to the various sections of the campus community."

The Institute strictly complies with these directions and AICTE regulations in this regard.

New Campus

Second campus at New Town, Kolkata is under construction.

Course Overview

TRANSPORTATION and logistics play an important role to the development of the country's economy for its 'inclusive growth'. Production and distribution depend largely on the efficient management of logistics issues. Delivery of goods, services and information to their destination in the most efficient manner holds the key to the success and survival of an industry in the highly competitive environment of 'free' economy.

Keeping the above in mind, IISWBM has designed the Transportation and Logistics Management specialization of the Master of Public Systems Management Course under the aegis of the Calcutta University. The course provides a gateway to the area of modern management skills, blended with the techniques of managing the intricate supply chains of modern industries and in-depth knowledge of all the transport modes road, rail, shipping, air and pipelines, with their Modal Interface.

This post-graduate degree of Calcutta University is also designed to equip the students with all the relevant management skills as accounting, marketing, human resource management, operation management etc. These skills are further enhanced by the study of managerial economics, strategic planning, data analysis, management information system, logistics and supply chain management, material management, warehouse management etc. The syllabus is updated at regular intervals to update it with latest developments and needs of the industry.

The synergy created by the students, hailing from different backgrounds of Engineering, Commerce, Arts(economics), management and pure science during the four semesters mould them into finest management professionals imbued with qualities of organizational leadership.

During these two years the students have been groomed thoroughly by experienced management experts, academicians and professionals drawn from railways, roadways, airlines, shipping, ports and other industries. Students also visited industries, warehouses, ports, railway yards, container depots etc. to validate the theoretical inputs and hone their newly acquired skills.
