FROM THE DIRECTOR'S DESK

Dear Potential Recruiters,

*A*s you are aware, IISWBM was constituted on 25th April 1953 under the joint initiative taken by the University of Calcutta, the Government of West Bengal, the Government of India and the captains of industry as the first B- school in India. In a rare gesture to an academic institute, the Government of India released a Commemorative Postage Stamp on IISWBM, on 25th April 2004 in New Delhi. With a glorious past and a bright future, the IISWBM continuously strives to achieve excellence in all its endeavours. The Institute boasts state of the art infrastructure, strong faculty base, successful alumni, excellent hostels, rich library and brilliant placement records. The Master Degree Programme in Social Welfare (MSW), controlled and regulated through the University of Calcutta, provides all the pertinent knowledge, skills, attitude and values required to produce successful managers in the social work space like Community Organisation and Development Practice, Correctional Social Work, Labour Welfare and Child and Family Welfare.

The IISWBM regularly upgrades its syllabi to keep pace with the changing need of the corporate world and global business scenario. The current batch of MSW students have gone through rigorous academic training, leadership ventures and internship with leading firms. They are now well prepared and fully equipped to serve Corporates, Non-Governmental Organisations, Governmental Organisations, Development Fund Institutions, Research and Consultancy Firms and contribute to the growth of the Institutions they are taken in.

As the head of the Institute, I invite you to interact with my students, evaluate their potential and provide them with the opportunity to work in your organisation. I am sure they will prove to be an asset to your firm and finally to the country. I thank you for your sustained support in the making of productive citizens of the country. I am sure the unique bond the IISWBM holds with you will grow stronger and deeper with each passing year.

Prof. (Dr.) Rajagopal Dhar Chakraborti
Director

FROM THE HOD'S DESK

The Indian Institute of Social Welfare and Business Management was set up in the year 1953 with the vision to create professionals to manage professional business organizations with an awareness of the social responsibility of business. The name of the Institute itself suggests that the founding fathers felt the need to blend business management with social welfare through academic excellence. The focus at IISWBM has always been to create socially conscious professional managers. The post graduate degree program in Social Welfare has been designed to meet the growing need for trained manpower, through value-based professional education for social work in different social spheres. The course provides students with a sound theoretical knowledge about social work, social welfare, laws, policies and the fields and domains of social work. It helps develop knowledge of history and development of social work in India and abroad as well as current trends of social work practices. It aims to develop skills in students for working with people and communities at different levels and network with other groups and professionals working in similar areas. The course also emphasizes an understanding of the relation between the State, its policies and laws and how these can be usefully deployed for ensuring human rights and entitlements.

The course is delivered through classroom sessions, presentations, seminars as well as fieldwork based internship. Students are required to choose two areas of specialization to qualify for the degree. The areas offered are Child & Family Welfare, Correctional Social Work, Community Organization & Development Practice, Labour Welfare.

In addition to attending regular classes, the students are given the required exposure of social work. This is done by organising interactions with senior government officials and social workers of various NGOs of national and international repute. They also visit NGOs to have a practical exposure of the working of such social welfare organizations.

We try to create through proper, systematic education, trained social work and social welfare professionals who can be employed by various governmental, inter-governmental and non-government organizations working in micro as well as in macro levels, locally, nationally or internationally.

We request you to meet our students and give them an opportunity to work with you.

Sincerely,

Prof. (Dr.) Sudeepa Banerjee
Head
Masters in Social Welfare

ABOUT IISWBM

India's first B-School, Indian Institute of Social Welfare and Business Management (IISWBM), is a name that weighs abundant in legacy.

From the choicest alumni bandwagon to the grandeur of the building stature at the educational hub of Kolkata, the Institute is stately in ways more than one and was constituted on 25th April 1953 by a resolution passed by the Senate of the University of Calcutta. This was the culmination of the joint initiative taken by the University of Calcutta, Government of West Bengal, Government of India and the captains of the industry in India to set up for the first time a management education institute in India, a concept alien to many in the educational fraternity at that time.

The Institute has successfully crossed its Diamond jubilee Year, signifying over 60 years of an eventful journey in management education in India. IISWBM was thus established by Dr. B.C. Roy, the then Chief Minister of West Bengal as its Founder-President and Prof. D.K. Sanyal as the Founder Director.

Government of India, Department of Posts in recognition of 50 years of glorious existence of the first B-school in the country released a Commemorative Postage Stamp on IISWBM, on 25th April 2004 in New Delhi.

The Institute stands firm on its three pillars:

Quality of faculty, that consistently ranks highest amongst premier B-Schools in terms of Intellectual Capital.

Learning environment – The faculty members are dedicated to the development of its students and the Institute and regularly engage themselves in research and project work. Several faculty members have won prestigious awards over the years. Successful Alumni are spread across the globe.

Infrastructure facility. IISWBM has tasted the seasons of time to raise itself as a respectable brand name that generates overwhelming response even today.

ABOUT MSW

'It is not enough to be compassionate. You must act.' - **The Dalai Lama**

The idea of Social Welfare has been associated with this Institute from its very inception, as the late Dr. Bidhan Chandra Roy in his wisdom perceived the connection between Business and Social Welfare. Hence the evocative name of our Institution, the Indian Institute of Social Welfare and Business Management.

In this department, we try to uphold Dr. Roy's vision. We train our students so that they do not lose sight of the fact that working in the social sector as social workers leads to promoting a healthier socio-economic atmosphere that is conducive to a healthy business sector, while running a socially conscious business initiative creates a synergy between the people and the business world where the people do not eye all the business endeavours as purely profit hungry and hence exploitative.

We offer our students specializations in areas of :

- Child and Family Welfare
- Community Organization and Development Practice
- Correctional Social Work
- Labour Welfare

These specializations provide them an exposure to the different varieties of Social Work. But before the students choose their specializations in their Second Year (or the Third Semester as it is properly called), they are given a sound grounding in sociological theories and other allied analytical methods and perspectives so that they can grasp the embeddedness of their own practice of social work in a larger socio-economic context that connects business practices with Social Welfare.

We send our students for Internship in various reputed organizations in the field of social work for them to get some hands-on experience in social work. So our students do not come out as merely 'theoreticians' of social work but as 'practitioners' with some experience.

E-CELL

The Entrepreneurship Cell or E-Cell was set-up to act as an incubator for budding entrepreneurs, those indefatigable souls who work out of garages and harbour emotions of building on the guidance and experience of those who have walked this path before them. The E-cell of IISWBM, a student organisation dedicated towards promoting the spirit of Entrepreneurship, whose members diversify from all departments across IISWBM believes that Entrepreneurs are the major driving forces behind the Great Indian Development and Growth. Students from MSW have actively involved themselves in the E-Cell to promote the interests of the Committee.

UMEED :

UMEED '18, organised by the Entrepreneurship cell of IISWBM, was all about instilling the budding entrepreneurs and future leaders with a sense of social responsibility. The entire event was divided in two days. The first day RAISING SMILES held on 15th Sept, 2018, belonged to the 65 HIV+ affected kids living and learning at Anandaghar - an Offer India initiative. Team E-Cell collected over Rs 30,000 of donation in both cash and kind from the students and faculty members of the college to provide these kids with health drinks and a number of other necessary items. The second half of the event that took place on Sept 20th, 2018 witnessed two social entrepreneurs - Mrs Alokanda Roy and Mr Bidyut Kumar Dey blessing the students with their experience and kind words. The students then showed their mettle by participating in PESH KIYA JAYE- a competition that asked students to build up business models that can help the society fight against the wrath of nature, an idea inspired by the recent flood that affected the state of Kerala and left over a million people homeless. The show-stopper event KHA-E-JAO was the perfect ending to this beautiful journey where 14 teams of students from all the departments put up food stalls and engaged in a "healthy" competition. The extremely delicious food items and the innovative marketing strategies employed by the students were much appreciated.

ENTREPRERNA :

The E-Cell of IISWBM successfully organized "**Entreprerna**", the Annual Entrepreneurship Summit of IISWBM on 7th and 8th of March with the concept of encouraging Entrepreneurship among the students. The first day saw an array of startups, pitching in front of a panel of venture capitalists in the Big Fish competition. Bhavana Chatterjee (Xelpmoc), Arijit Bhattacharya (CEO and founder of VirtualInfocom) and Ayan Kar (Entrepreneursface) graced our event with their insight and important inputs. Along with constructive criticisms, honest feedbacks and great reviews, few companies managed to grab the attention of the respective investors. The second day of "**Entreprerna'18**" started on a positive note by the dignitaries of our college. Our Chief Guest for the event was Mr. AK Chandra, (Managing Director of PC Chandra group). Following him was CS Rajesh Chura (the Chairman of ICSI), Miss Ushoshi Sengupta (Miss India Universe 2010 and founder of Playfest and Tapashi Educational Services), Mr Sudip Kundu (the chief branch head of Bajaj Allianz Life Insurance), Mr. Meghdut Roychowdhury (Global Director of Techno Group), Mr. Aaquib Hussain (Founder and Creative Head @ I & We Engagements), Mr Nihar Chakravorty, (the COO of Duty group of companies), Mrs. Nandini Bhoumik, (one of the female priests of India). Finally to wrap up the event on a fun and a happy note we had Mr. Surya Agarwal (comedian) and a band performance by Juktakhor. On the auspicious event E-Cell, IISWBM launched the official website ecelliiswbm.co.in to reach out to more people about E-CELL and campus company.

ALUMNI SPEAK

MSW course in my college had provided a basic foundation so that I could create my career the way I would want to and the credit shall go to the college for that what I am now

MSW batch 2015 - 2017

After over 25 years of working with Tatas and Swiss MNCs and leading Business Unit Teams with EBIT/P&L level responsibilities, my decision to shift to the development space and the transition was greatly helped as I did my MSW in IISWBM. The faculty was very supportive and the batchmates welcomed me as if I am of their age. As this MSW is offered by a leading B school it made my life easier as it is a fine balance of management and development theories, concept and practice. The library is an asset which I will now miss as a non-student.

MSW batch 2017-2019

After doing my graduation in Law, when I was thinking to enhance and utilise my legal knowledge, then I got the chance to study MSW in IISWBM. The question may arise, why MSW after Law, but I chose my field wisely and got the opportunity at the same time. This combination is helping me in my professional field every day. This is why I am grateful to my faculty and the Placement Cell. Without their help and guidance, I wouldn't have seen myself where I am now. Thank you to MSW, IISWBM for giving me this opportunity.

- Arpita Mazumdar
Senior HR
Brainware University
MSW batch 2014-2016

It is a very unique addition to the management courses. Social Management is a very interesting and exciting area to work in. IISWBM being the 1st B-school in South East Asia has also been the 1st institute to come up with MSW as a management course, in Kolkata. MSW is a course for every individual who has the interest to contribute to the society. This course has been a very interactive and explorative experience with the strong group of faculty and excursions. But MSW students must be given more exposure to be a part of the different college committees as well.
